"Your Trusted Partner in Healthcare Supplies"

- High-Quality IV Bags for Reliable Patient Care
- Designed for Safety, Durability, and Precision
- Affordable Pricing with Unmatched Service

Product Features

Why Choose Our IV Bags?

- **Premium Material:** Made from non-toxic, BPA-free, medical-grade materials to ensure patient safety.
- **Sterile Design:** Fully sterile, minimizing the risk of infections and contamination.
- **Leak-Proof Construction:** Designed to prevent leaks and withstand long infusion times.
- **Clear Graduations:** Easy-to-read measurement markings for precise fluid management.
- **Customizable Ports:** Dual or single ports available for a range of infusion setups.
- **Compatibility:** Compatible with all standard IV tubing and infusion devices.

Available Options:

- Sizes: 500 mL, 1000 mL, 3000 mL
- Solutions: Saline, Dextrose, Ringer's Lactate, and more
- Additive Ports: For medication mixing and customization.

Call to Action

Ready to Elevate Your Patient Care?

New: Effective March 1, 2025, Baxter Corp, BBraun will stop the sale of IV Bags to distributors, like Medline and others. They will be supplying large clients directly with whatever resources they have.

Let us be your partner in delivering superior healthcare solutions. For Pricing use reference code "Alcheme".
